Specification & Link to Past Papers
AQA GCSE Mathematics (8300)
Past Papers

Essential equipment
Black pens, pencils, rubber, ruler, protractor, pair of compasses and a scientific calculator for Paper 2.

Key Information
- A Formula sheet will be given in the exam, however this does not represent all of the formulae you should know.
- A calculator is essential for paper 2, make sure you practice with your calculator ahead of the exam so that you know how to use it efficiently.

Revision materials
CGP Grade 9-1 GCSE Maths AQA Revision Guides and Workbooks for the Mathematics Grade 9-1 Course
Revision resources on Teams, SharePoint, MathsGenie, 1st Class Maths, Corbett Maths, Sparx.

Suggested revision activities
Make sure that you practice questions and check to see if you have made any errors. If you have then focus on this topic by watching a video on any of the websites. Check that you can now do the topic by completing other questions on the same topic.
Have flash cards for all of the formulae to learn, check and test yourself on.
Make sure you work on the topics you are least comfortable with as this is where you will make the biggest improvements.
